NAME

eyuvtoppm - convert a Berkeley YUV file to a portable pixmap (ppm) file

SYNOPSIS

eyuvtoppm [**--width** *width*] [**--height** *height*] [*eyuvfile*]

DESCRIPTION

This program is part of Netpbm.

eyuvtoppm reads a Berkeley Encoder YUV (not the same as Abekas YUV) file as input and produces a PPM image on Standard Output.

With no filename argument takes input from Standard Input. Otherwise, *eyuvfile* is the file specification of the input file.
