Pnmtoplainpnm User Manual

pnmtoplainpnm

Updated: July 2004

NAME

pnmtoplainpnm - replaced by pnmtopnm

DESCRIPTION

This program is part of Netpbm.

pnmtoplainpnm was obsoleted in Netpbm 10.23 (July 2004) by **pnmtopnm**. Just use the Netpbm common option **-plain**.

pnmtoplainpnm exists today for backward compatibility; all it does is call **pnmtopnm -plain**.

pnmtoplainpnm was new in Netpbm 8.2 (March 2000) as a renaming of **pnmnoraw**, which was new in Pbmplus in November 1989.
